# STORAGE HUB E77

## Our strongest, safest modular tool trolley

The E77 Premium Storage HUB combines top-of-the-line safety with innovative design to meet the needs of people working in heavy-duty environments. The innovative, strong case is a key element at the core of the E77. Its exclusive style and ingenious safety features – from anti-tilting drawers with individual shock-protecting bumpers to precision wheels with a cutting-edge dual-braking system – set it apart as a premium solution. With modular functionality, it can also be combined with a large range of innovative accessories that can be attached to the top, side and bottom of the trolley to simplify your work and improve efficiency. It is a perfect combination of convenience, safety and top performance.

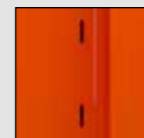

### Super strong core

A double walled reinforced frame painted with a scratchproof powder coating for operating in the most demanding environments.

### Interchangeable bench tops

Four interchangeable tops available for handling any job. The standard composite top can be replaced by stainless steel, MDF or chestnut wood.

### Modular add-on system

Modular add-on system for creating a flexible and personal workspace with a wide range of Xpand accessories.

### Shock-protecting corner bumpers

Individual shock protecting corner bumpers for defending drawers against unexpected collisions.

### Open drawers without tilting risk

The unique 1DAAT-system ensures that only one drawer can be opened at a time and prevents the trolley from falling over unexpectedly. The drawers stay shut automatically when the trolley is being moved thanks to the new pivoting latching system.

### Safe and secure dual-braking system

New precision wheels with an innovative braking system prevent movement in any direction.

# STORAGE HUB E72

## Our simple, streamlined storage solution

The E72 Storage HUB has been designed to offer market-leading levels of safety and performance in a streamlined model. The innovative, strong case is a key element at the core of the E72 and the E77 Premium HUB. Thanks to the subtle design with rounded corners, shock-absorbing corner bumpers and the new locking system with a round key, you are assured of optimal safety in every working environment. This tool trolley brings together many of our customers' most demanded features and can be customised with side-mounted accessories.

### Super Strong Core

A double reinforced frame painted with a scratchproof powder coating for operating in the most demanding environments.

### Interchangeable tops

The modular tops have been designed for the most varied working conditions and are available in stainless steel, MDF or chestnut wood.

### Add-on solutions

Add-on solutions for attaching different side-panel accessories.

### Protect against collisions

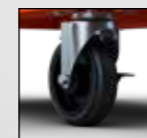

Shock-protecting corner bumpers for defending against unexpected collisions.

### Drawers which can open fully

Thanks to the sliders with ball-bearings, the drawers glide very smoothly, can open all the way and have a capacity of up to 30 kg.

### Rubber wheels for any surface

Smooth and silent rubber wheels with two brakes.

# 'CLASSIC' C75

## Our classic trolley, reinvented

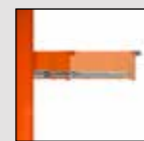

With a host of new features and personalisation options, our redesigned C75 Classic tool trolley combines the performance and innovation that we've built our reputation on. The front of the 26" and 40" designs pair robust, sturdy design with rounded corners to ensure maximum protection without sharp edges. While an aluminium trim reinforces the classic look, a new heavy-duty case and innovative special features, like fully opening drawers, Lock&Go latching and an anti-theft locking system, mean optimal safety is assured in any working environment.

### Super strong core

A double walled reinforced frame painted with a scratchproof powder coating for operating in the most demanding environments.

### Fully opening drawers

Thanks to the sliders with ball bearings, the drawers glide very smoothly, open all the way and have a capacity of up to 30 kg.

### Shiny aluminium handles

These handles include a safety opening system. The smooth and curved aluminium trim reinforces the classic look.

### Add-on solutions

Add-on solutions for attaching a wide range of accessories.

### 'Lock&Go!' latching system

The safe and smart 'Lock&Go!' latching system prevents the drawers from opening when the tool trolley is being moved. The locking system does not need to be engaged when moving the trolley.

### Smooth and silent rubber wheels

The noiseless rubber wheels with two brakes ensure maximum stability. This makes the trolley easy to manoeuvre, even on uneven surfaces.

# A PERFECTLY ORGANISED TROLLEY WITH FIT&GO

FIT&GO

The Fit&Go system contains a wide range of ready-to-use foam inlays with tools for your drawers. Based on our market knowledge and customer needs, we've created hundreds of different compositions from which you can choose. The Fit&Go system is available for all 26" tool trolleys and contains three different sizes (1/3, 2/3 and 3/3) to enable you to organise your tool drawers exactly as you want.

## FOD system (Foreign Object Damage)

The foams are coloured in black with a red bottom layer (standard), so that you can see immediately whether tools are missing. Other colours for the bottom layer are available with our BETMS configurator.

## Smart Push System

The foam inlays have a smart push system, so you can raise the tool with one finger. Because of this, the red bottom layer of the foam is always hidden by the tools. The Smart Push System follows the high standards of aviation companies.

## BAHCO Fit&Go foam inlays

Our wide range of ready-to-use foam inlays is resistant to most common lubricants, petrol, water and UV light.

### 1/3 foam collection

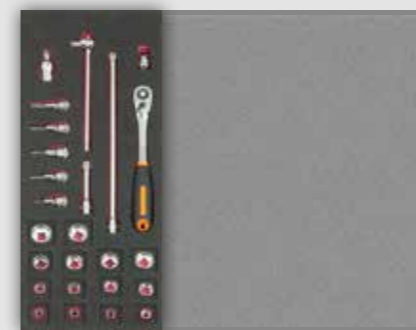

58 different ready-to-use foam inlays.

### 2/3 foam collection

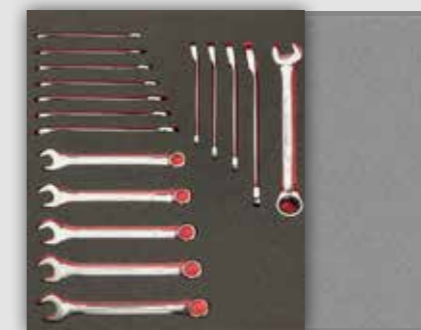

46 different ready-to-use foam inlays.

### 3/3 foam collection

# CUSTOMISE YOUR *Tool Trolley*

- 56 BETMS configurator
- 58 Customise your Fit&Go
- 60 Xpand Accessories
- 62 Accessories for Classic Tool Trolleys

# BETMS CONFIGURATOR

The Bahco Ergo Tool Management System (BETMS) enables us to respond directly to your specific needs. That's because BETMS provides a tailor-made tool management solution for every working environment. Together with your Bahco sales manager, you will be able to design your own system with maximum ease.

**BETMS**  
CONFIGURATOR

- CHOOSE YOUR HARDWARE
- SELECT A PAINT COLOUR
- PICK A BENCH TOP
- CHOOSE YOUR ACCESS CONTROL
- ADD DIFFERENT ACCESSORIES
- CONFIGURE THE DRAWERS
- DESIGN THE FOAM INLAYS
- CREATE THE PRODUCT MIX THAT FITS YOUR NEEDS
- ADD MARKINGS IN THE FOAM INLAY FOR TOOL CONTROL (FOD)
- PERSONALISE TOOLS WITH LASER MARKING

# CUSTOMISE YOUR FIT&GO

Design your own foam

With maximum ease, you can add, remove or rearrange the foam inlays that we provide in our Fit&Go collection.

BETMS also allows you to design your own foam composition. Based on your needs, you can even design your foam inlay from scratch.

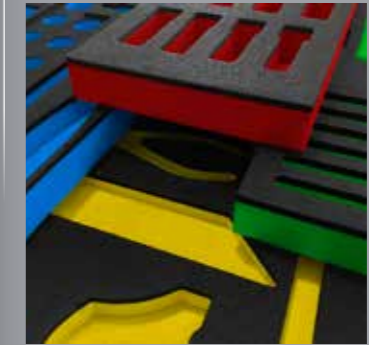

Before

After

## More colours for your bottom layer

The BETMS configurator provides more colours for the bottom layer of your foam. The layers are available in red (standard), blue, yellow and green.

## BETMS tool library

Choose from 16,000 hand tools provided in the BETMS tool library.

## Laser-marking (foam and tools)

With our laser-marking service you can identify your own tool and its location in the foam inlay. Based on these unique ID numbers you can order exactly the same tool if it goes missing.

## Discover the endless possibilities of our unique BETMS system.

Ask your BAHCO dealer for more information or visit [www.bahco.com](http://www.bahco.com)

# CUSTOMISE YOUR TOOL TROLLEY WITH XPAND ACCESSORIES

Our wide range of Bahco Xpand accessories lets you create a tool trolley to suit your needs, whether you need extra storage bins, a roll holder, a laptop board or an extra tool panel. We are continually developing new accessories and add-on ideas, which makes the Storage HUB one of the world's most multi-functional storage systems. Now and in the future.

## DO YOU WANT TOTAL ACCESS CONTROL?

Choose one of the locking upgrades for your Storage HUB E77 'Premium' or E87 top chest

### MIFARE locking system

The MIFARE locking system lets you use a smartcard to open your Storage HUB.

### PIN code locking system

Would you prefer electronic protection? Then choose locking with a PIN code.

### Master-key upgrade

The master-key upgrade lets you use a single key to lock multiple tool trolleys.

ACCESSORIES

# ADD A MULTITUDE OF ACCESSORIES TO YOUR CLASSIC TOOL TROLLEY

Each project is different and every professional has a unique approach. Various accessories can be added to the Classic Tool Trolley to simplify the project while improving efficiency and safety. Unlike many other accessories, these are easy to attach without using screws and provide total stability.

## STAINLESS STEEL TOP

26": 1470K-ACTSS  
40": ?????-?????

The stainless steel top is ideal for sterile environments. The inside is made of MDF, making it perfect for absorbing shocks.

## ABS TOP

26": 1470K-AC7  
40": ?????-?????

The thermoplastic bench top with built-in storage chambers and heavy-duty structure is resistant to the most common lubricants.

## TOP TOOL PANEL 1470K-AC8

Provides extra storage for your small tools on top of your 'CLASSIC' C75. Made from steel and coated in a neutral orange or grey colour. Use the panel in combination with the Bahco hooking system.

## CHESTNUT WOOD TOP

26": 1470K-ACTW  
40": ?????-?????

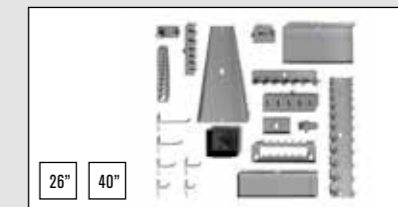

Because of its excellent shock-absorbing abilities, the varnish finishing makes this 40 mm wooden bench top the best solution. It is also resistant to the most common lubricants.

## MDF TOP

26": 1470K-ACTD  
40": ?????-?????

The 40 mm thick MDF is just as strong as the chestnut wood top, but has no knots or rings, making it more uniform than natural woods.

## BAHCO HOOKING SYSTEM

Organise your tools how you want them by adding the hooks to different tool panels. The L- and U-shaped hooks are made from steel and are available in different lengths.

## DOCUMENT HOLDER 1470K-AC4

Ensures that you have all your important documents at hand. Made from steel and coated in a neutral black colour.

## CAN HOLDER 1470K-AC3

For any type of bottle or canister. Made from steel and coated in a neutral black colour.

## TOOL HOLDER 1470K-AC2

A side compartment to accommodate 23 screwdrivers. Made from steel and coated in a neutral black colour.

## FOLDING TRAY 1470K-AC1

Additional workspace which can be attached to either side of the Tool Trolley. Manufactured from steel and coated in a neutral black colour.

## SIDE TOOL PANEL 1470K-ACSIDE

This panel adds extra storage capacity to both sides of your trolley. Made from steel and coated in a neutral black colour.

## DRAWER LINERS

Protects the drawers and your tools from moving around inside.
